

Country Selection- Tip #61

A new feature has been added to the ([Company]) table. In the old version of TechTracS the Country field on the General Information page of the ([Company]) table was a text field. In the new version of TechTracS a popup list of countries is now available.

This popup will behave differently on a PC than it would on a Mac.

A PC allows the user to use the list popup as well as a combo box that will allow them to type ahead to select a specific country. See Figure 1 below.

Figure 1

The screenshot shows the 'General Information' form in the TechTracS application. The title bar indicates 'Company: 11 of 1677 records in selection'. The form is divided into several sections: 'Name' (45Company), 'Division' (empty), 'Place of Performance Address' (Zip: 12345, Address: 123 Red Street, City: POP, State: NC, Congressional District: 0), 'Headquarters Address' (Zip: 12345, Address: 444 Green Street, City: HQ, State: NC, Mail to HQ Address: unchecked), 'Phone' (123-123-4567), 'FAX' (123-123-4567), 'Business Type' (empty), 'SIC Code' (empty), 'Emp. Locally' (empty), 'Ann. Sales' (empty), 'Product Line' (empty), 'Date Founded' (00/00/00), 'NASA Assist Before' (unchecked), 'URL' (empty), and 'Country' (Mauritius). A dropdown menu for 'Country' is open, showing a list of countries: Mauritius, Mayotte, Mexico, Micronesia, Moldova, Monaco, Mongolia, Montenegro, and Montserrat. The 'Mauritius' option is selected. The form also includes a 'TechTracS' logo in the bottom left corner and a 'NASA' logo in the bottom right corner.

The Mac simply offers a full list of countries for the users to scroll through and choose from.

See Figure 2 below.
